文章标题

(Article Title)

The Construction and Application of CEO Reputation Evaluation Indicators Screening Model Based on the Maximum Information Content

推荐程度及原因

(Reasons for Recommendation)

1. 推荐程度:

(Recommendation level)

High

2. 原因:

(Reasons for recommendation)

The topic of this manuscript lies within the scope of this journal. The journal has recently accepted manuscripts on CEO reputation-related studies. Moreover, it accepts and has recently published papers containing research using methods like empirical analysis. Furthermore, the journal meets the impact factor requirements. Moreover, it is listed in the Social Science Citation Index database.

Please consider including the following keywords in the title and abstract. These keywords have been selected from previously published papers in the target journal: CEO reputation and Empirical study

期刊品质

(Journal Quality)

期刊信息大要

(Journal Information)

10. 宗旨及范围:
(*Aims and scope*)

Business Ethics: A European Review is a peer-reviewed quarterly journal dedicated to business ethics and business and society research. *BEER* focuses on original research relating to business ethics, and business society relationships, including Organizational Ethics, Corporate Social Responsibility, and Social Entrepreneurship. The journal seeks to attract original high quality research drawing on a variety of methodologies and disciplinary perspectives, and helping to advance knowledge, discourse and practice in relation to Business Ethics in the broadest sense. What is distinctive about this journal is that it is a well-established academic research journal which is known for its rigor and quality, yet remains at the same time accessible, readable and user-friendly.
