文章标题

(Article Title)

The Construction and Application of CEO Reputation Evaluation Indicators Screening Model Based on the Maximum Information Content

推荐程度及原因

(Reasons for Recommendation)

1. 推荐程度:

(Recommendation level)

High

2. 原因:

(Reasons for recommendation)

The topic of this manuscript lies within the scope of this journal. The journal has recently accepted manuscripts on CEO reputation-related studies. Moreover, it accepts and has recently published papers containing research using methods like empirical analysis. Furthermore, the journal meets the impact factor requirements. Moreover, it is listed in the Social Science Citation Index database.

Please consider including the following keywords in the title and abstract. These keywords have been selected from previously published papers in the target journal: CEO reputation and Empirical study

期刊品质

(Journal Quality)

期刊信息大要

(Journal Information)

10. 宗旨及范围:
(*Aims and scope*)

Contemporary Accounting Research (CAR), the premiere research journal of the Canadian Academic Accounting Association, publishes leading- edge research that contributes to our collective understanding of accounting's role within organizations, markets or society. Canadian based, and global in scope, *CAR* seeks to reflect the worldwide intellectual diversity in accounting research. Therefore, *CAR* welcomes interesting and intellectually rigorous work in all topics of accounting, using any appropriate method, and based in any discipline or research tradition that can contribute to accounting knowledge.
